## Travel to Germany from a “Risk Area“ (General information)

1 If you have been in a risk area for 14 days before your arrival in Germany, you will have to stay in quarantine for **two weeks** after your arrival in Germany.

2 After your arrival in Bielefeld, go to your accommodation immediately.

In your quarantine you can do a corona test after the **fifth day** at the earliest.

If your corona test result is negative, you may leave the quarantine after consulting the Health Office of Bielefeld.

3 Current Risk areas e.g. Albania, Turkey, US, Czech Republic but there are over 100 others.

## Arrival in Germany

1 Once you arrive at your destination, isolate yourself for the next **five days**.

If possible avoid public transportation such as bus and train. In any case, please remember to wear an oral-nasal facemask and keep your distance from others (1.5m).

2 Let the City of Bielefeld officially know about your arrival by filling in this online form:  
[tinyurl.com/y6cbybgn](http://tinyurl.com/y6cbybgn)

(The form is in German. You can contact the International Office of FH Bielefeld for a translation.)

3 When in your accommodation, confine yourself to quarantine until you can take a test. Provided your test is negative, you can then contact the Health Office of Bielefeld under [info.corona@bielefeld.de](mailto:info.corona@bielefeld.de)

Send them your negative test result. They usually answer within 1-3 days.

Only when they have replied to you, you can break quarantine.
